

ULTIMATE SCAFFOLDING SOLUTIONS LLP

Supporting Every Stage of your Project

Reliable Scaffolding and Shuttering Solutions for
Rental, Sale & Project Support

COMPANY PROFILE

 Serving Contractors and Builders across India

www.ultimatescaffoldingolutions.com

OUR APPROACH

Build trust through continuous supply and transparent pricing.

We understand the importance of seamless execution, we help contractors to plan better, execute faster and operate with confidence across all project stages.

We maintain competitive, honest and consistent pricing practices helping clients to maintain financial control throughout the project lifecycle.

Industry Experience:
7+ YEARS

Successfully Supported:
100+ PROJECTS

On Time
DELIVERY FOCUSED

WHAT SETS US APART

RELIABLE SUPPLY

Uninterrupted Material Availability

TRANSPARENT PRICING

Clear & Competitive Pricing

ZERO DELAYS

On-Time Co-ordination & Delivery

HOW WE ADD VALUE

- **End-to-end support** from requirement planning to dismantling.
- **Reliable turnaround** times aligned with project schedules.
- **Consistent quality** and **well-maintained** scaffolding material.
- **Flexible solutions** tailored to project size and complexity.
- **Strong on-ground coordination** with site teams.

QUALITY & MAINTENANCE STANDARDS

Every component undergoes a structured inspection and maintenance process after each project cycle to ensure reliable, safe, and ready-to-use material for every client.

Our team thoroughly checks each scaffolding and shuttering component for quality, strength, and performance before redeployment. Damaged materials are repaired or replaced to maintain consistent safety standards, durability, and seamless on-site execution across every project.

OUR COMMITMENT

We understand that project delays impacts timeline & costs.

That's why we focus on dependable supply, responsive support, & smooth execution with confidence from start to finish.

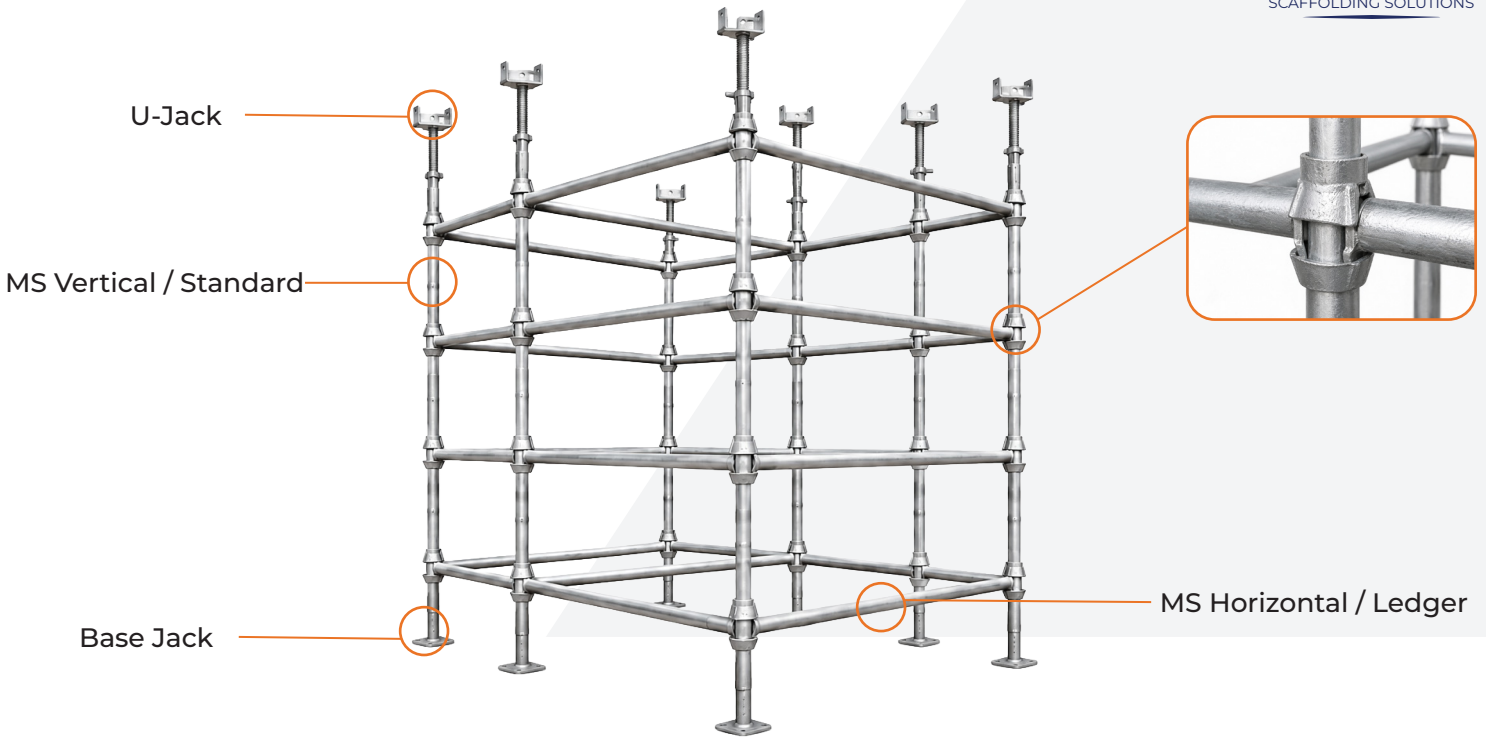

DEDICATED SUPPORT TEAM

Our experienced team works closely with clients at every stage, ensuring smooth coordination, quick response times, and reliable on-ground support.

From initial planning to final dismantling, we remain actively involved to address site requirements, resolve challenges, and keep operations running without disruption.

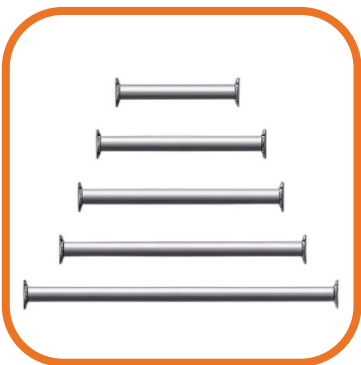

OUR SERVICE PROCESS

We offer reliable and high-quality cuplock scaffolding systems for a wide range of construction requirements.

Designed for vertical load support and safe site access, our systems are manufactured using premium-quality materials for strength, durability, and dependable performance.

MS HORIZONTAL / LEDGER

Core component of the cuplock scaffolding system, designed to provide strong horizontal support

Sizes	Weights
950mm	3.3 Kg
1150mm	4 Kg
1450mm	5 Kg
1750mm	6 Kg
1950mm	6.5 Kg

MS VERTICAL / STANDARD

Designed with fixed bottom cups and rotating top cups for secure connection and reliable scaffold support.

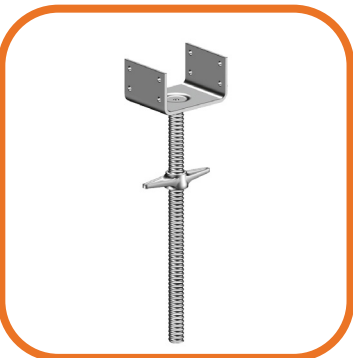

Sizes	Weights
500mm	2.2 Kg
1000mm	4.4 Kg
1500mm	6.5 Kg
2000mm	9 Kg
2500mm	11 Kg
3000mm	13 Kg

BASE JACK

Provides stable leveling support for scaffolding systems on uneven surfaces, ensuring a strong and secure foundation.

Type	Diameter	Total Length	Weight
Solid	28/30mm	350mm	3 Kg
Solid	28/30mm	450mm	3.4 Kg
Solid	28/30mm	600mm	4.5 Kg

ADJUSTABLE U-JACK

Designed to provide secure beam support in cuplock scaffolding systems with adjustable height and strong load-bearing performance.

Type	Diameter	Total Length	Weight
Solid	28/30mm	350mm	3 Kg
Solid	28/30mm	450mm	3.4 Kg
Solid	28/30mm	600mm	4.5 Kg

MS SWIVEL & FIXED COUPLERS

Mild steel swivel and fixed couplers are essential scaffolding components used to securely connect scaffold tubes, providing flexibility, stability, and strong load-bearing support in construction structures. **Weight - 0.9 Kg**

SPIGOT PIN/ JOINT PIN

Spigot Pins/Joint Pins are important scaffolding components used to securely connect two vertical tubes.

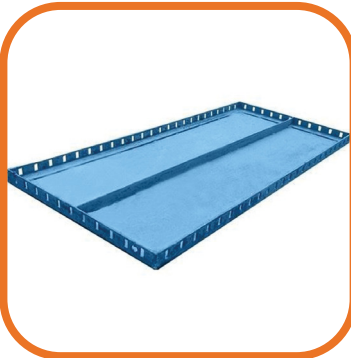

Designed to create strong and stable joints, they effectively support both vertical and lateral loads. Manufactured from high-quality steel, these pins ensure durability, strength, and reliable performance on site. **Weight - 0.6 Kg**

TELESCOPIC PROPS JACK

Versatile support system designed for slabs, beams, columns, and temporary construction frameworks.

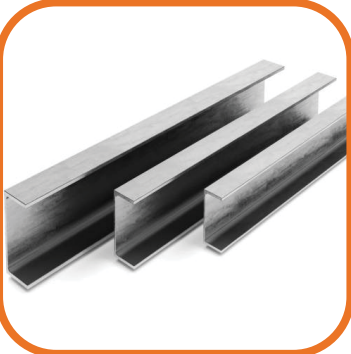

Sizes	Weights
2x2 m	17.5 Kg
2x3 m	21 Kg
3x3 m	25 Kg

SHUTTERING PLATES

Heavy-duty steel plates designed to distribute loads and provide stable construction support.

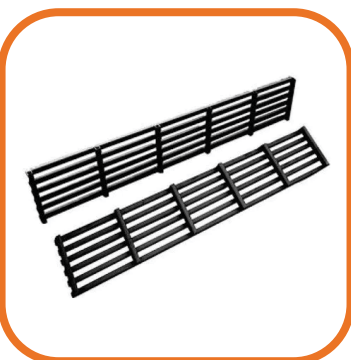

Sizes (mm)	Sizes (inch)	Weights
900 x 600 mm	36 x 24 in	21 Kg
900 x 450 mm	36 x 18 in	17 Kg
900 x 380 mm	36 x 15 in	16 Kg
900 x 300 mm	36 x 12 in	14 Kg
900 x 230 mm	36 x 9 in	12 Kg

ISMC OR C-CHANNEL

Heavy-duty steel plates designed to distribute loads and provide stable construction support.

Height	Weights
8 Feet	20 Kg
9 Feet	22 Kg
10 Feet	24 Kg
20 Feet	48 Kg

MS CHALLI

Used to create safe and stable temporary working platforms for construction and scaffolding applications.

Sizes	Weights
1000mm	7.5 Kg
1200mm	9.5 Kg
1500mm	11.3 Kg
1800mm	13.5 Kg
2000mm	16 Kg
2500mm	20 Kg
